

Peace of Mind
Insuring the Extension of Independence

FALL DETECTION– Detects if you or a loved one falls and notifies the monitoring station.

INACTIVITY MONITORING– Observes one's daily routines such as getting out of bed, a walk to the mail box, etc.

SMOKE DETECTION– Alerts the monitoring station if smoke is detected.

REMINDERS– A friendly voice prompts medication dosages throughout the day.

TWO-WAY, HANDS-FREE -Allows you to answer incoming calls and talk from a distance without having to pick up a phone.

SPEED DIALING– Stores up to three numbers for instant, one-touch dialing.

The GPS Watch that allows you to travel away from your home & still be protected.

New State of the Art Technology
24/7 Personal Emergency
Response & So Much More

NEW

Live Life on Your Terms

FALL DETECTOR– waterproof transmitter that notifies us when you can't.

PENDANT– emergency waterproof help button that can be worn around the neck/wrist, also has the ability to answer incoming phone calls .

INACTIVITY MONITOR– notifies the monitoring station when no activity has been detected.

SIGNAL REPEATER– allows distance between you and the base station; ideal for larger homes or working outside.

HELP BUTTON- portable help button that can be placed anywhere around the home for easy access in the event of an emergency.

SMOKE DETECTOR– alerts you & emergency services when smoke is detected.

Inactivity Detector– Alerts the monitoring station if a daily routine is undetected, such as getting out of bed or going to get the mail. A qualified Care Specialist then summons help.

“IT’S EASY TO ENABLE A LIFESTYLE THAT MAKES EVERYONE HAPPY”

Families are always there for each other; whether it’s your parents, aunts, cousins, or uncles you can rely on them. Lifeguard is there for you like family.

We provide you and your loved ones with the tools needed to continue living the lifestyle everybody wants by insuring the extension of independence.

Lifeguard is a monitoring company that uses complete, technological marvels of simplicity and practicality, designed to let you and your loved ones live life on your terms.

“GIVE THE GOOD LIFE TO THE ONES YOU LOVE”

Lifeguard Monitoring systems help you have the ability to live fulfilling lives and have fewer worries. Lifeguard will take care of you and your love ones.

“LIVE LIFE ON YOUR TERMS”

Lifeguard has your best interests at heart. We meet the day-to-day, real-world needs of our customers. From the base station's easy-to-see buttons, to the waterproof transmitters that can be worn as wristbands or necklaces, Lifeguard Monitoring equipment fits the way people live.

It gives better ways to manage everyday living, like friendly medication voice reminders with push-button confirmation.

Our system safeguards for the unexpected events, including the fall monitoring option that notifies the monitoring station if you or a loved one has fallen.

“FREE TEMPORARY HOOK UP IF STAYING WITH FRIENDS OR FAMILY”

We know that sometimes life's circumstances can change and you may need to have your monitoring service available to you at a different location. We are willing to work with you to make sure you are always covered.

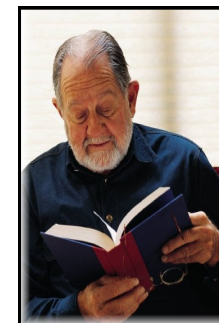

“NO LONG TERM CONTRACTS!”

“Thanks to Lifeguard, my parents can live independently and we can have peace of mind that they are taken care of.”

FALL DETECTOR– NOTIFIES US EVEN WHEN YOU CAN’T!

The mortality rate for those who fall and don’t get help for over an hour is 3 out of 10, and for those who do not get help for over 3 hours is 6 out 10.

Wellness Checks- A live certified operator will call you at pre-arranged times to check up on you on a daily basis.
